Clear space

01

Keep a minimum clear space of **X** on every side of the logo, where X equals the height of the red map mark on the left of the wordmark.

No text, imagery, or other graphic elements should enter this zone.
This protects the legibility of the Telugu wordmark and the RSN mark at every size.

Color variations

02

FULL COLOR

Primary usage on white or light backgrounds.

BLACK VERSION

Red and black become black; white stays white.

WHITE VERSION

Red and black become white; white becomes black.

Minimum size

03

Print — 30mm wide

Digital — 120px wide

Below these sizes the Telugu wordmark and the RSN mark lose legibility.
Do not reproduce the logo smaller than **30mm** wide in print or **120px** wide on screen.

When space is too tight for the full lockup, use the red map mark with "RSN" on its own.
